

CLAIMS

1. A dishwashing machine with two retractable pull-out containers, each containing a dishwashing system, characterised in that in their overall height both pull-out containers (3 and 4) are smaller in size than the internal height available in the housing of the dishwashing machine (1).
2. The dishwashing machine as claimed in Claim 1, characterised in that the pull-out container (4) arranged lower in the housing of the dishwashing machine (1) is arranged height-adjustable above a pedestal recess (5) provided on the housing of the dishwashing machine (1).
3. The dishwashing machine as claimed in Claim 1 or 2, characterised in that both pull-out containers (3 and 4) are of different heights.
4. The dishwashing machine as claimed in Claim 3, characterised in that the upper pull-out container (3) is higher than the lower pull-out container (4).
5. The dishwashing machine as claimed in any one of the preceding claims, characterised in that the housing of the dishwashing machine (1) is fitted with installation feet (7).
6. The dishwashing machine as claimed in Claim 5, characterised in that the front installation feet (7) are set back by at least the depth of the pedestal recess (5).

7. The dishwashing machine as claimed in Claim 5 or 6, characterised in that the installation feet (7) are height-adjustable.
